Denne casesamling sætter fokus på, hvordan en række nutidige organisationer arbejder med strategi i praksis. Den er især velegnet som materiale i strategiundervisning, hvor de studerende skal anvende teori til at analysere praksisnære problemstillinger. Bogen beskriver otte forskellige cases og illustrerer, hvordan organisationernes strategiarbejde gribes meget forskelligt an. Samtidig viser casene, hvordan konteksten spiller en afgørende rolle for organisationernes arbejde med strategi i praksis. Bogen suppleres af videointerviews med topledere fra de otte organisationer. Dette videomateriale er gratis og offentligt tilgængeligt via CBS' website. Bogen findes både i en dansk og en engelsk udgave.

com. As. 7-1-2016 · To shift from current eating patterns to those that align with the Dietary Guidelines, collective action across all segments of society is needed. The Wellness Recovery Action Plan® or WRAP® is an evidence based practice that is used by people dealing with mental health challenges & medical conditions.
